

***The Hassel of Bonding ... Efficiency & Durability  
(Clinical Tips & Tricks)***

- To teach a simple, reproducible technique to bond resin composite to different dental structures.
- Discuss some of the new innovations in adhesives that are advancing the technology of composite resins.
- Total etch Vs Self etch adhesives
- Answers to questions regarding Self Etch adhesives; how to make them better and where not to use them
- Post-operative hypersensitivity... is it composite related or adhesive related
- What is the ideal adhesive & why?
- Adhesion in deep cavity
